Web Content Administrators

Can you help? Do you have some basic IT skills or know someone who has?

Mure Memorial is currently investigating a major upgrade for our web site and when completed it will be an appropriate time to improve the number of people involved in managing the posting of content to the web site. This is open to anyone within our wider church community, so please consider people around you who may be suitable.

The main skills would be having an ability to use modern IT applications. Training will be given. **Please email webadmin@mure.org or speak to the minister for further information.**
